March 11, 2012

Att: Steven M. Olea  
Director

It has been brought to our attention that there is a proposal from Sunland Water Co. to increase our water rates. While we have no objection to a bit of increase, this proposal is extreme. In some cases, nearly 400%. We live in Brookside Farm only 2-3 months of the year and for the rate to increase from \$4.00 to \$30.00 for the months we don't use water is unreal. It seems the intention is to pay for the blending of waters between the Company's two wells. I am sure when this money is acquired that the price of water will NOT decrease. Please review this proposal carefully, keeping in mind that this is a huge increase considering the state of economy. Thank you for your time.
